Letters of the Alphabet

These sheets have been designed to be one of the many activities that you can do with students in Working with Letters and Sounds.

Each letter of the alphabet has a sheet of example words with pictures and then a sheet of letters to do a letter hunt. These are designed to be printed double sided and laminated.

For a range of other alphabet activities to use with students see Teaching the Alphabet with Variety.

Remember - to keep learning happening we need to keep variety in our teaching as well as repetition.
