

Letter Sorts - High Contrast

These pages provide another resource for doing letter sorts. Each page has the same letter in multiple fonts – one page of lower case and one page of upper case. This version is high contrast, designed for students with a vision impairment.

You can print them, cut them up and laminate them (in matte laminate) and use them repeatedly for letter sorts. Or you can print them, cut them up and get the student to paste them, sorting them as they go.

It's very important that we help students to realise that a letter is a letter in every font – and I try to use a range of fonts across all the different alphabet resources I make.

I hope you find these useful!!

Have fun with letters and sounds!

Jane
