

SOUND SCAVENGER HUNT

Background Information

This activity is a simple scavenger hunt with a focus on initial sounds. The aim is to teach emergent students with Complex Communication Needs that words are composed of sounds (phonemic awareness).

Preparation

Each set of 6 pictures has a matching hunting card. Print and cut up one set of 6 and print a hunting card for each student who is participating. Hide the hunting cards around the room and get ready for a sound focused movement break!

Instructions

Get the students to hunt for the pictures. Once they find a picture, ask them to think about the word for the picture and what sound it starts with – and which sound they should cross off on their hunting board. If needed, name the picture for them. Once they've crossed a picture off, move onto the next picture.

Please note:

- All students should also be participating in an onset rime or a phonics program to develop their phonemic awareness.
- This activity may not be suitable for early emergent students.

Pictures

Blue card: lion, doughnut, rocket, water, baby, gorilla

Pink card: car, six, fire, horse, jam, orange

Green card: axe, koala, monster, iguana, egg, hip

Orange card: nine, pizza, quiet, tie, umbrella, video
