

# HELLO

Jane Farrall

We see our friends and say "Hello".

Hello!

We smile and we wave!

We say "Good Morning! How are you?"

Good Morning!  
How are you?

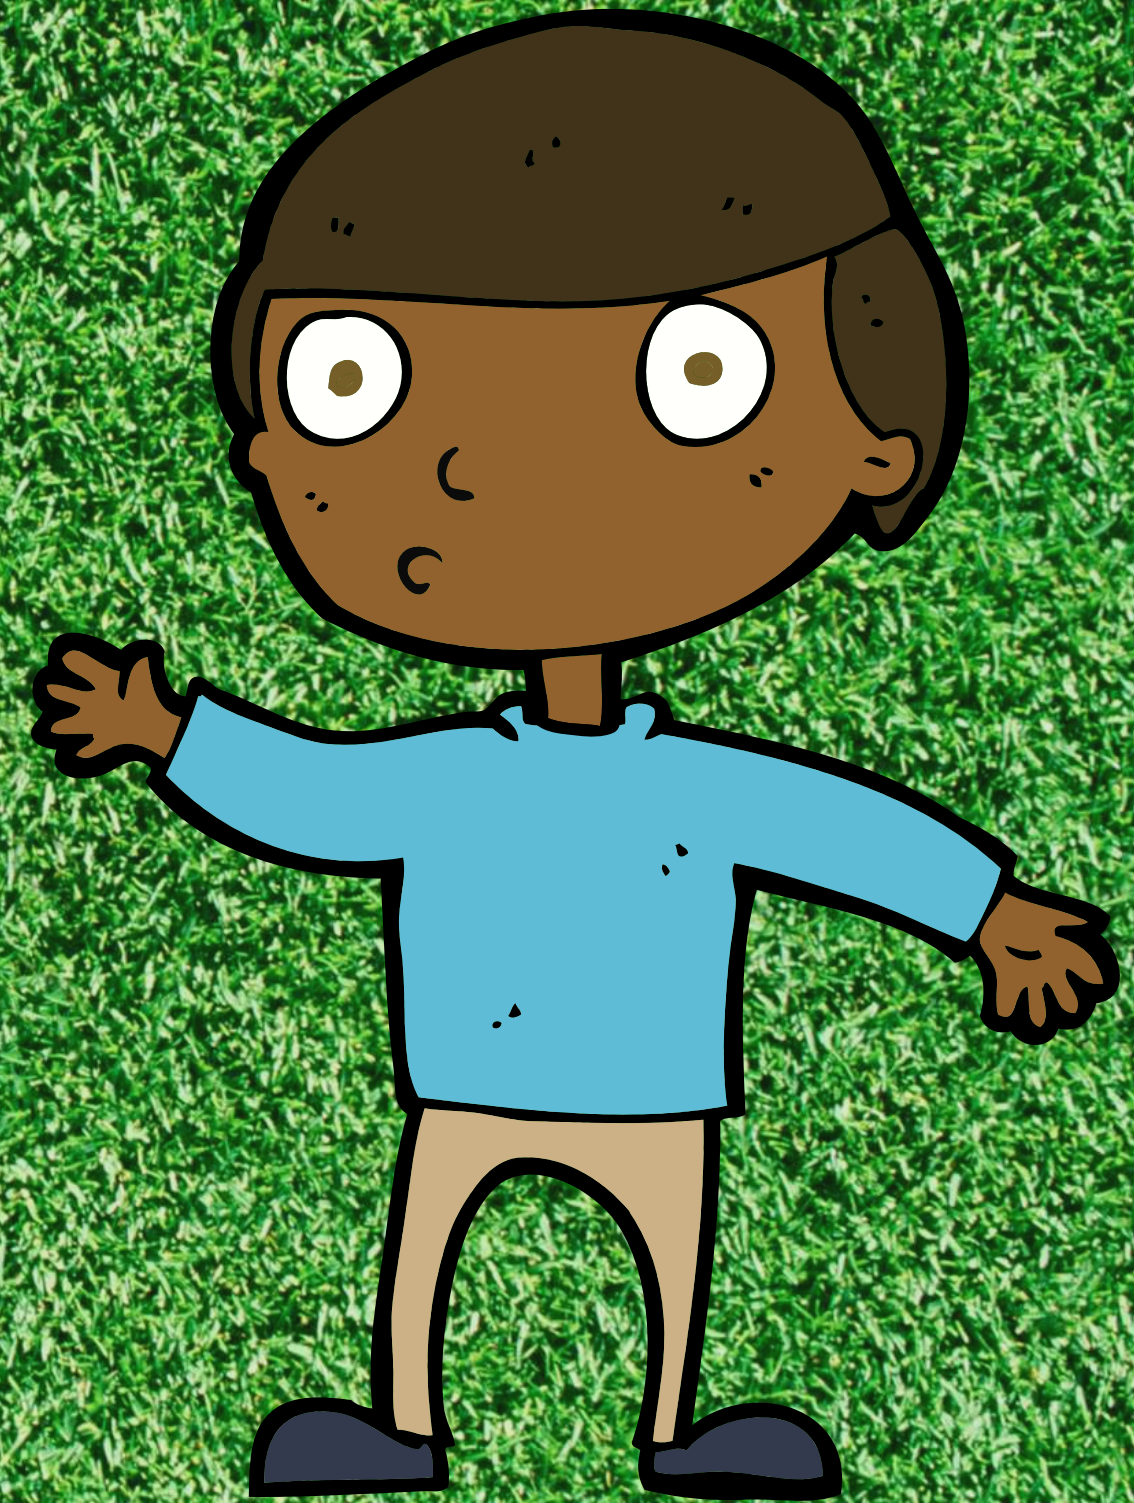

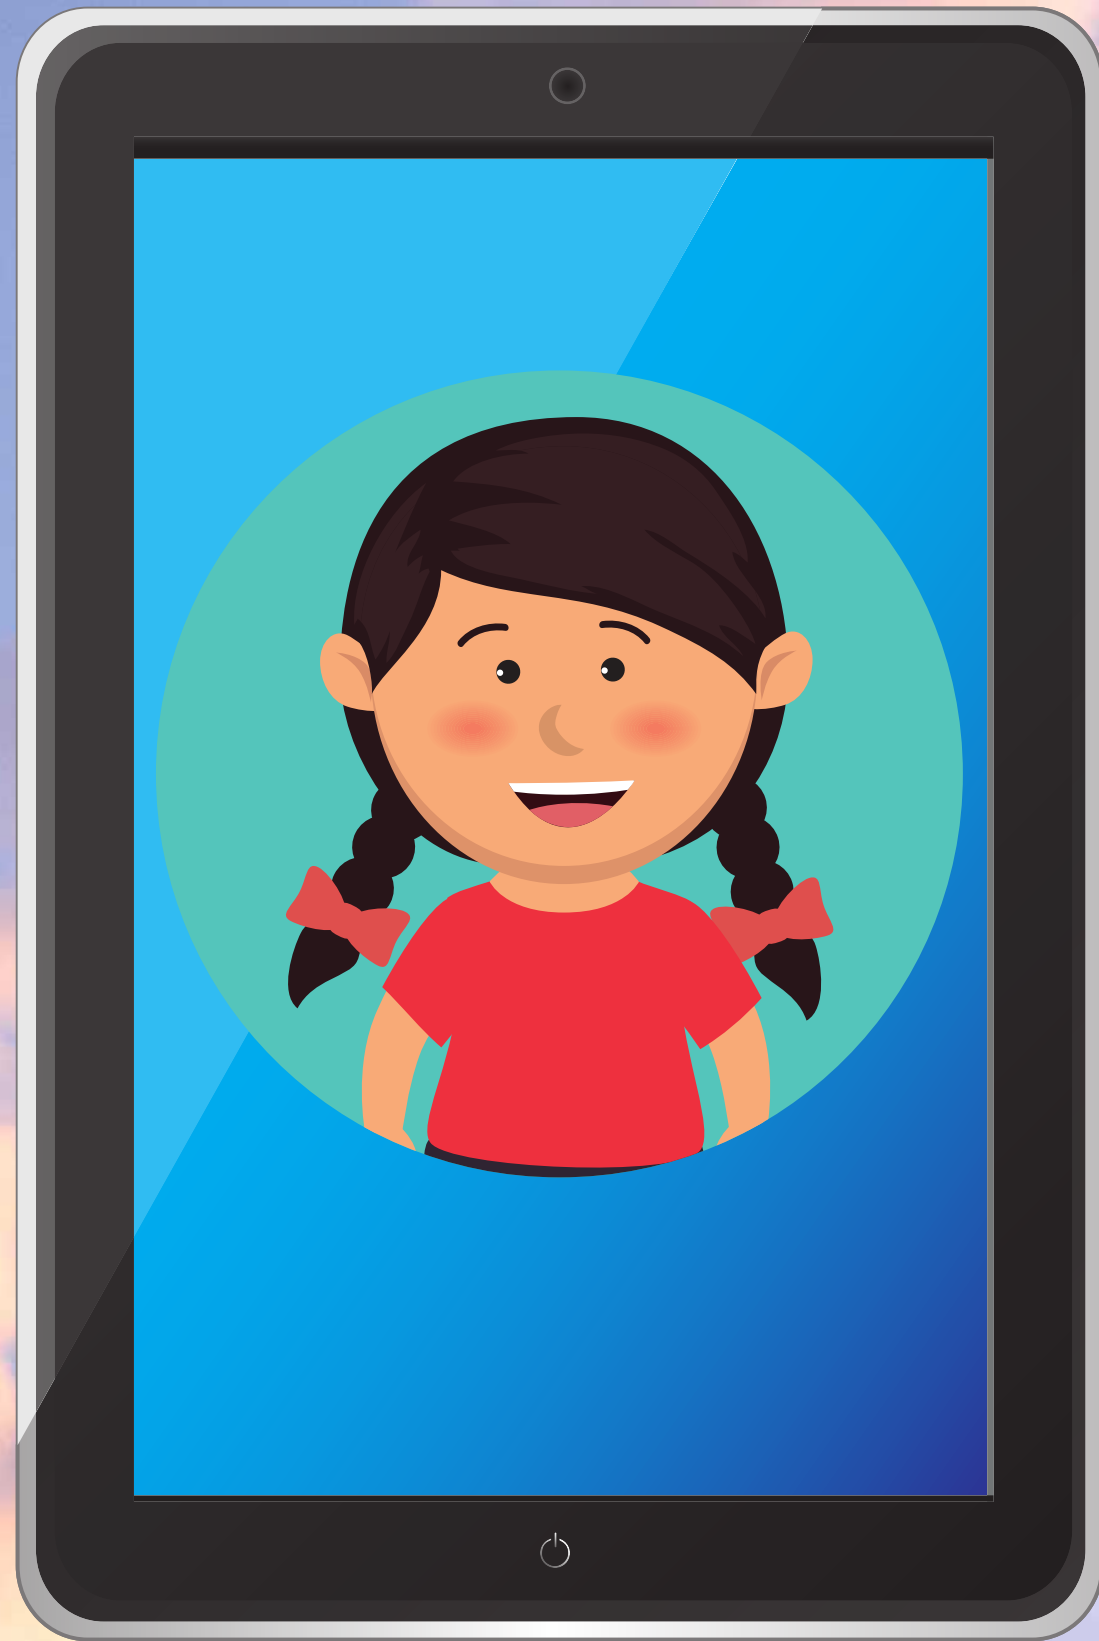

They say "How are you today?"

How  
are  
you  
today?

We see them in the park,

we see them on the phone.

We call our friends to say hello,

**and we don't feel alone!**

I could see you at  
the zoo one day.

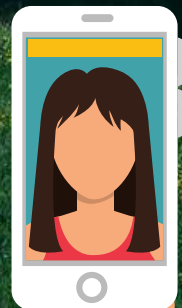

or I could see you  
at a show.

You might be there in person,

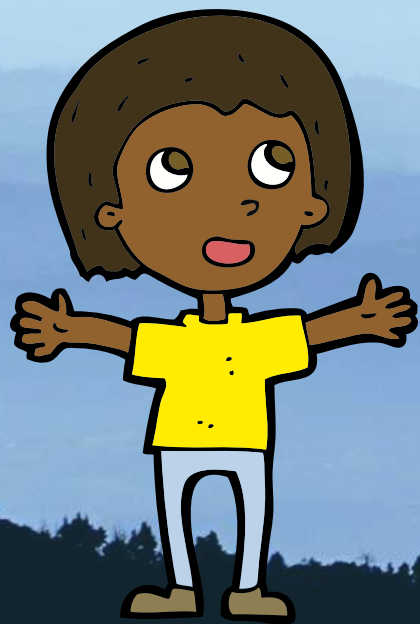

or calling on my phone.

But wherever I get to see you,

wherever you may go.

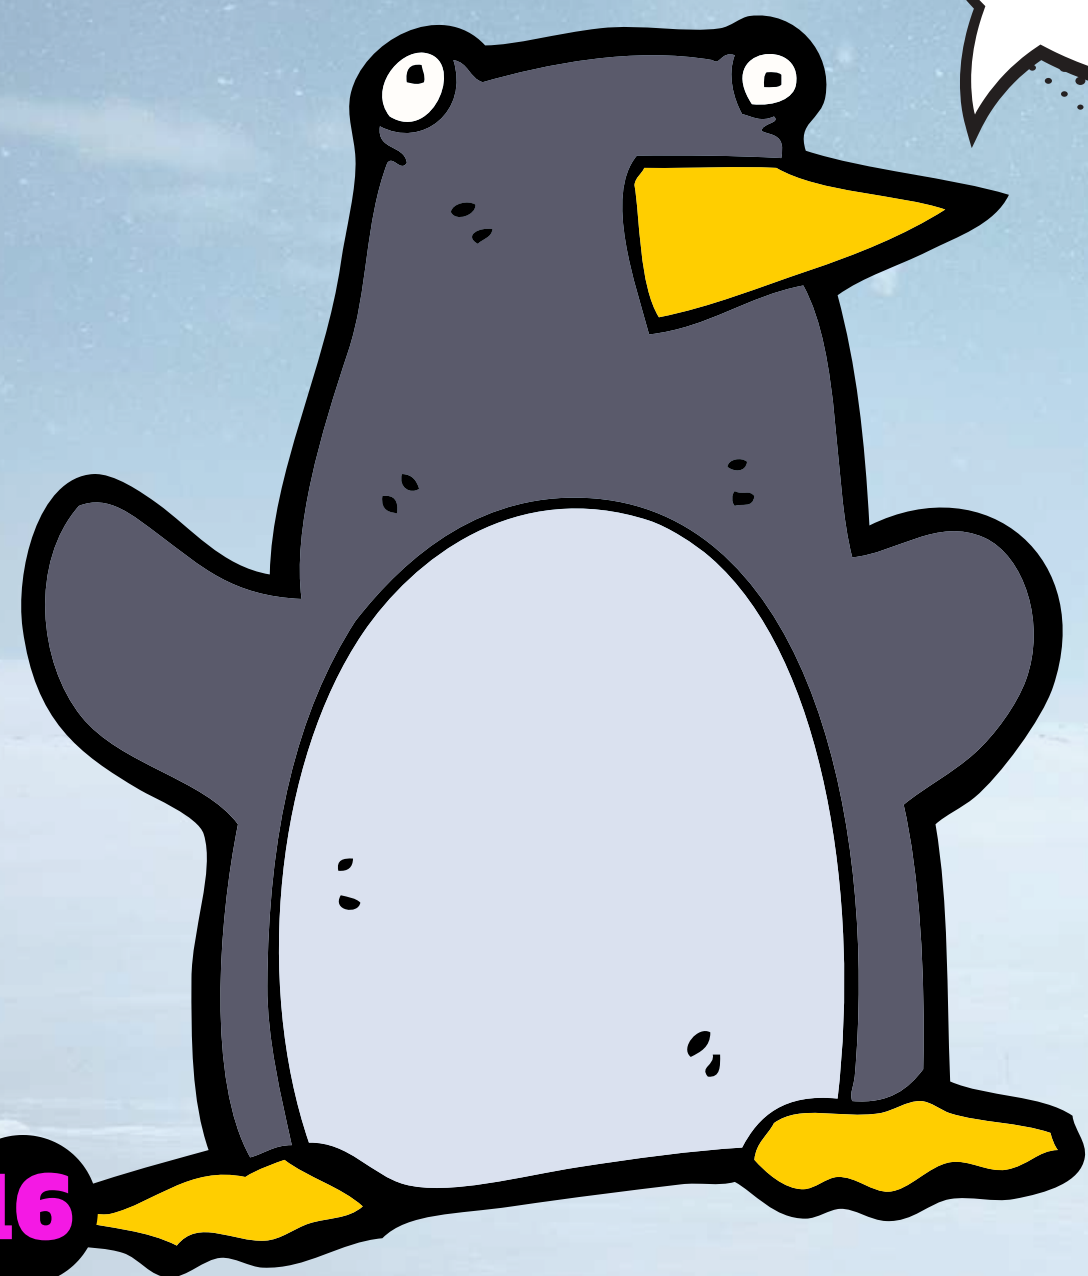

I hope I get to see you soon,

so I can say "Hello!"

**THE  
END**
